

Cayenne Chili Popcorn

This is another quick and memorable snack - love that sneaky hot flavor! We make it using our Lekue Microwave Popcorn Maker, for a wonderful treat ready in a handful of minutes.

for the Lekue Microwave Popcorn Maker; adapt as needed :

scant 1/2 C popcorn

1/4 tsp Cayenne Chili infused olive oil

1/4 tsp mild to medium intensity extra-virgin olive oil

1/4 - 1/2 tsp Salt, to taste

Mix all ingredients in the Lekue Microwave Popcorn Maker. Top with lid and place in microwave.

Set time and pop - our microwave takes 2 minutes; my home microwave takes less... yours will vary. Do not wait until popping stops to turn off microwave - too long and popcorn may burn. Listen for slowing popping, and stop then.

Carefully remove from microwave, take off lid - be careful of steam, and enjoy!
