## Raspberry Mocktail

### Ingredients

- 1 tsp. raspberry vinegar
- sparkling water
- ice
- extra raspberries (optional)
- A few mint leaves or 1 tsp. mint simple syrup (optional)

### Instructions

1. In an 8 ounce tumbler, add 1 tsp. raspberry vinegar and about 1/4 cup sparkling water.\*
2. Stir to combine.
3. Add enough ice to fill the glass about halfway.
4. Fill the glass with sparkling water and add a couple of fresh raspberries and the mint if you want.
5. Stir and enjoy!

***Because the vinegar is rather thick like a syrup, it's easier to blend it in with some soda prior to adding ice.***
